INFORMATION TO BUYERS

FREE FREIGHT OFFER**—The American Shorthorn Breeders' Association will reimburse any purchaser, or group of purchasers, who buy and ship a carload of ten lots or more from this Oregon Shorthorn Sale to destination, up to a maximum of \$200.00. To qualify for this freight subsidy the final destination must be 300 miles or more away from Prineville, Oregon and receipted paid transportation bill must be presented.

MAIL BIDS**—Don Longley, The Shorthorn World, Aurora, Illinois; E. L. Woods, Sec-Treas., Oregon Shorthorn Breeders' Association, Prineville, Oregon. Sales Committee, Millard R. Eakin, J. F. Short, and R. R. Raymond. Requests may be mailed to the above at address given or to the Sales Headquarters.

GUARANTEE**—All cattle in this sale will be sold under the STANDARD GUARANTEE endorsed by the American Shorthorn Breeders' Association. Certificates of registry and transfer will be furnished with each lot sold upon the request of the buyer.

TERMS**—The terms of the sale are cash. No bids of less than \$5.00 considered.

HEALTH**—All animals have been tested for Bang's Disease or Vaccinated for same by registered veterinary and T. B. tested. Hence, all cattle can be shipped immediately and do comply with the health regulations of any state into which they may go.

SHIPPING ARRANGEMENTS**—It is the obligation of the consignors and this association to see that all cattle are properly loaded on cars or trucks as directed by the buyers for immediate shipment. Cattle will be at the buyer's risk as soon as bids are off, but every precaution will be taken to see that animals arrive in sound and healthy condition. **BE SURE TO LEAVE DEFINITE INSTRUCTIONS WITH THE SALE CLERK.**

LIABILITY**—Although every precaution will be exercised to protect the safety and comfort of guests of the Show and Sale, neither this association, nor its representatives, nor the auctioneer or clerk, can assume any liability for accidents.

SUGGESTED CARE**—Every precaution has been taken by all consignors to present the livestock in the very best of condition possible. Consignors have been feeding and caring for their livestock for a considerable time with the idea in mind of pleasing you, their buying public. It would be appreciated by all members of this association if each buyer would contact the breeder of the livestock purchased regarding suggested care until breeding season. This Association wishes each and every buyer the best of luck and success with his or her new purchases; may they prove a profitable investment.

OREGON SHORTHORN BREEDERS' ASSOCIATION
Millard R. Eakin, Chairman of sales committee.

Three Generation Pedigrees can be seen on request.

Lunch will be served both days at Fair Grounds

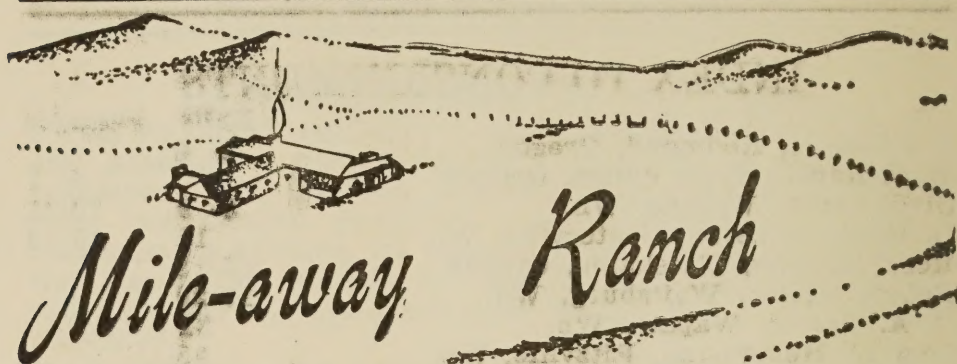

Oregon Shorthorn Breeders' Association was organized March 4, 1946 with the thought in mind of getting their produce before the public where they best can be seen. In so doing they were able to start new herds, get their produce into the hands of the commercial breeder where they proved greater profits.

This being our fourth annual show and sale, the consignors feel that they are offering you a three-way opportunity. Commercial breeders, who represent a vast majority engaged in the production of beef cattle—the farmer-breeders, who maintain relatively small herds of commercial cattle—and breeders of purebred registered cattle constantly seek herd bulls and foundation females.

Thus the demand for improved breeding stock is three-fold—and is conclusive assurance of future security for breeders of Shorthorns of the profit-producing type demanded by ranchers, farmers and breeders alike.

The Sales Committee have tried every possible means to save the consignors some expense. With that thought in mind the decision to list cattle under one generation pedigree was decided upon. We listed the COLOR of both the Sire and Dam with the breeder respectively of each. NOTE—Three Generation Pedigree can be seen on request from the Chairman of the Sales Committee.

Three Generation Pedigrees Can Be Seen On Request

Redmond, Oregon

We Present a
FOUR-STAR CONSIGNMENT

- * Denmark Leader Another herd sire prospect from our great Idaho University cow, Denmark Leader 18th. Her previous calf was the high selling, reserve champion bull of the 1947 Oregon Sale.
- * Royal King Out of Marellbar Mayflower, the fine cow we purchased from Sni-A-Bar.
- * General Victor and
- * Mile-Away Royal Chief These two bulls are dark-red, heavy boned, compact and rugged . . ready to sire rapid gaining calves on the range.

These four bulls are all sired by our former herd sire, Mile-Away Royal Leader, son of International Champion Edellyn Royal Leader 11th. Check the past record. In 1949 our bulls brought first and second highest selling prices as well as taking Grand Champion award. In 1947 Mile-away topped the sale with a reserve champion bull. They are now proving their worth as herd sires for other breeders.

While you are in Central Oregon, plan to visit Mile-away, where we are developing a quality breeding herd of modern type beef Shorthorns. Our foundation females and herd sires are the best obtainable and their progeny are graded and checked for rate of gain by Oregon State College specialists. We will enjoy showing you WHEATLAND BRIGADIER, son of Killearn Monarch 101st, our Broughton-Gallinger herd sire, and MILLHILLS BUTTERFLY 4th, a wonderful cow imported from Scotland, where she was first in class at the world renown Perth show.

MAYS-DODD RANCH

Tygh Valley, Oregon

Arabians
Palominos
Shorthorns

Mays-Dodd Ranch, Tygh Valley, Oregon, has long been associated with the production of registered and commercial beef Shorthorns and pedigreed Arabian horses on its 4,000 acre ranch setting near the base of the eastern foothills of Mt. Hood.

When, several years ago, the Pacific International Live-stock Exposition featured open competition on carload lots of beef cattle, this ranch exhibited numerous groups of winners and high prize winners in both steer and heifer divisions. In recent years many calves raised by Mays-Dodd Ranch have been placed in the hands of youngsters for club work with notable success.

A fitted show herd is not maintained here at present, however the major part of the 100 Shorthorn females kept for breeding stock are registered and represent thrifty specimens of leading Shorthorn blood lines, both polled and horned. New stock is frequently added to the breeding herd for improvement purposes, with emphasis being placed upon the polled variety.

Joseph W. Dodd, the operator and owner, is a great-grandson of the late pioneer stockman Robert Mays, founder of an important series of north central Oregon livestock ranches dating back to 1862.
